Practice Overview

Matthew (Matt) is a Children's Law specialist who also practices in Administrative Law and in the Court of Protection. He has appeared at all levels of court, up to the Court of Appeal. His practice spans all aspects of Private Law Children proceedings with a particular interest in international and immigration issues. His Public Law practice specialises in the most serious cases, which often include complex international, jurisdictional or factual issues. He acts for and against Local Authorities in Administrative Court matters and on behalf of the Official Solicitor, family members and Local Authorities in the Court of Protection. He is recommended in Chambers and Partners as a Leading Junior, is an advocacy trainer for Lincoln's Inn and has written widely on Family Law matters.

Children (Public Law)

Matt's Public Law practice covers all aspects of care proceedings and adoption. He has acted for Local Authorities, parents, family members and Children's Guardians in the complete range of Part IV proceedings, appearing in numerous lengthy fact-finding and final hearings lasting many weeks. He has been instructed in cases which involve factitious induced illness, sexual abuse, inflicted injury, murder of one parent by another, Wardship proceedings in Public Law, abduction during proceedings, gang and honour-based violence, as well as complex medical cases and those which involve significant disclosure issues. Further to this, he has broad experience of cases involving vulnerable witnesses, acting through the Official Solicitor and the use of Special Advocates.

Matt has enjoyed recent success acting for family members intervening in care proceedings and successfully arguing for children to be placed in their care in the face of opposition from the Local Authority and the Guardian.

Notable cases include:

Re R (Closed Material Procedure: Special Advocates: Funding) [2017] EWHC 1793 (Fam)

Advice and representation in this case has included: challenging the Local Authority as to their failure to provide an autistic child with an appropriate placement, advising and representing on section 20 issues and fostering allowances, challenges to Local Authority failure to provide travel to school, failure by a Local Authority to provide appropriate therapeutic input to a family.

Matt undertook pupillage and the early years of his career with a group of renowned child abduction practitioners.
