Practice Overview

Malcolm's principal focus is on complex Court of Protection work and care proceedings. He is regularly instructed by Local Authorities, by parents, by Children's Guardians, and by the Official Solicitor.

In the Court of Protection he concentrates on health and welfare cases with a particular interest in medical treatment disputes including proposed withdrawal of treatment. In late 2016 and again in early 2017 he acted for the Welsh Health Board in *Abertawe Bro Morgannwg University Local Health Board v RY (by his litigation friend the Official Solicitor) and CP [2017] EW COP 2*.

In November 2016 Malcolm acted for the Children's Guardian in *A Local Authority v D, E and C (A Child) [2016] EWHC 3473 (Fam)* – a case brought under the inherent jurisdiction in which Mr Justice Keehan accepted Malcolm's submission that a 15-year-old Gillick-competent child could consent to the deprivation of his own liberty.

His care proceedings involve serious allegations of non-accidental injury.

Malcolm also undertakes the full range of private law children work including applications to remove children from the jurisdiction, as well as disputes concerning Child Arrangements orders (formerly 'residence' and 'contact' orders) where his expertise in care proceedings is invaluable.

He has a particular interest in the highly complex interface between the Mental Capacity Act 2005 and the Mental Health Act 1983, and has been a part-time Tribunal Judge of the First-Tier Tribunal (Mental Health) since 2003. He is frequently instructed in challenges to deprivation of liberty under s. 21A MCA 2005 at regional centres of the Court of Protection throughout England and Wales. In May 2022 he was appointed as a legal member of the Guernsey Mental Health Review Tribunal.

Malcolm is licensed to undertake Direct Access work.
