Roseanna Cawthray Stern

Year of Call: 2021

Practice Overview

Roseanna joined chambers in September 2023 following successful completion of her pupillage and she has a broad practice across the full spectrum of Chambers' expertise and welcomes instructions in all areas of family law.

Prior to joining 1GC as a pupil, Roseanna worked at two London-based solicitors' firms, one of which is consistently ranked as Tier 1 in Family in The Legal 500. She has developed experience across a broad spectrum of family law, working on cases ranging from high-net-worth divorce to public law children proceedings, and is keen to build a comprehensive family law practice. Roseanna's experience as a paralegal means that she is sensitive to the requirements of both professional and lay clients.

Roseanna co-founded Young Bar Mentoring, an initiative supporting aspiring barristers. She volunteered at Advocate and Support Through Court during her legal studies, working closely with litigants in person and vulnerable clients, and also taught debating to secondary school students through the charity Debate Mate.
