

1GC | Family Law CELEBRATING 35 years

The Bar Standards Board (BSB) introduced regulation which requires Chambers to gather and publish the diversity data of Chambers' members. The survey was conducted in spring 2024 in accordance with the questionnaire devised by the BSB and will next be updated in 2027.

The survey was voluntary and it was conducted in such a way to guarantee the anonymity of those who contributed. Data is not published where its publication might reasonably lead to the identification of individuals. Therefore, the summary data is not broken down by seniority in order to protect individual's anonymity.

The data summarised below is based on the responses actually received, and may not reflect the position that would have applied if all those eligible to participate had chosen to do so. Categories without any positive responses do not appear in the graphs below for ease of legibility.
